## Mission Statement

American Business & Technology University is committed to providing quality, affordable, relevant, and interactive distance learning opportunities. The University's programs focus on the knowledge and skills necessary to help our students enhance their professional development, advancement, or personal lives.

## University Goals

*American Business & Technology University will:*

1. Utilize a technology-rich environment and effective, interactive, student-focused teaching methods.
2. Present relevant, career-focused educational programs based on current research and industry practices.
3. Collaborate with industry representatives and practitioners, employers, and associations in the design and evaluation of effective programs.
4. Exercise cost-effective strategies to provide affordable educational opportunities.
5. Provide excellent and timely student support services.

## University Goals for Graduates

*Upon graduation, ABTU students will demonstrate:*

1. Effective written and oral communication skills.
2. Quantitative reasoning and critical problem-solving skills.
3. Knowledge and application of technology.
4. Knowledge and skills in their chosen field of study.
